Time: 2 hours

200 marks

**PLEASE READ THE FOLLOWING INSTRUCTIONS CAREFULLY**

1. This question paper consists of 13 pages, an Information Booklet of 10 pages (i–x) and a Formula Sheet of 1 page (i). Please check that your question paper is complete.
2. Read the questions carefully.
3. **Answer ALL the questions on the question paper and hand this in at the end of the examination. Remember to write your examination number in the space provided above.**
4. It is in your own interest to write legibly and to present your work neatly.
5. You may **not** use red or green ink. **You may use a pencil, but please use a soft, dark pencil.**
6. All calculations should be rounded off to two decimal places.
7. The allocation of marks and appropriate time to be taken for each question are as follows:

|                                                       | Possible marks | Actual marks | Marker signature | Moderator signature |
|-------------------------------------------------------|----------------|--------------|------------------|---------------------|
| Question 1: Inventory (24 minutes)                    | 40             |              |                  |                     |
| Question 2: Company Financial Statements (29 minutes) | 48             |              |                  |                     |
| Question 3: Manufacturing (26 minutes)                | 44             |              |                  |                     |
| Question 4: Cash Flow Statement (41 minutes)          | 68             |              |                  |                     |
| <b>TOTAL</b>                                          | <b>200</b>     |              |                  |                     |

**QUESTION 1      INVENTORY****(40 marks, 24 minutes)**

Refer to the information relating to JJ Cycle which buys and sells power inverters and answer the questions that follow:

- 1.1 Calculate the closing stock value as at 30 April 2025 using the Weighted Average Method.

|  |
|--|
|  |
|--|

(10)

- 1.2 Calculate the gross profit for the year as at 30 April 2025.

|  |
|--|
|  |
|--|

(5)

- 1.3 JJ Cycle suspects theft of trading stock in the business and has installed CCTV cameras. Despite this internal control, JJ Cycle is sure that power inverters were stolen.

- 1.3.1 Calculate to confirm that JJ Cycle is correct about the theft of trading stock.

|  |
|--|
|  |
|--|

(3)

1.3.2 Provide **TWO (2)** additional internal controls that JJ Cycle could implement to prevent theft in the business.

---

---

---

---

---

(4)

1.4 Calculate the average stock holding period in days.

(4)

1.5 Provide **TWO (2)** advantages of holding stock (power inverters) for more than two months.

---

---

---

---

---

---

---

(4)

- 1.6 Provide **TWO (2)** possible reasons for JJ Cycle to donate power converters (inventories) to a local school.

---

---

---

---

---

(4)

- 1.7 'A stock turnover rate of 4 to 8 times a year for electronics and similar products is considered to be healthy.' JJ Cycle has a stock turnover rate of 5,52 times a year. Provide **TWO (2)** points indicating the implication of this ratio on the business.

---

---

---

---

---

---

(4)

- 1.8 Provide **ONE (1)** possible reason for a business to sell its inventory at a fixed price for the year.

---

---

---

---

---

| <b>Net profit after tax</b>             |      | <b>246 645</b>          |

(31)

2.2 Complete Trade and other Receivables as a note to the Statement of Financial Position. Show working in brackets to earn part marks.

2.3 Complete the Current Assets section of the Statement of Financial Position for the year ended 30 April 2025. Show working in brackets to earn part marks.

48

**QUESTION 3      MANUFACTURING****(44 marks, 26 minutes)**

Refer to the information relating to Keyona Traders and answer the questions that follow:

3.1 Complete the following notes:

3.1.1 Direct Material Costs

|                             |  |
|-----------------------------|--|
| Opening stock               |  |
|                             |  |
|                             |  |
| Closing stock               |  |
| <b>Direct material cost</b> |  |

(8)

3.1.2 Direct Labour Costs

|                           |  |
|---------------------------|--|
|                           |  |
| <b>Direct labour cost</b> |  |

(5)

3.1.3 Factory Overhead Costs

|                                |  |
|--------------------------------|--|
| Indirect materials (84 600     |  |
| Water and electricity (618 600 |  |
| Insurance (117 000             |  |
| Rent expense (877 500          |  |
|                                |  |
| <b>Factory overhead costs</b>  |  |

(15)

## 3.1.4 Cost of Finished Goods sold

|                                                  |  |
|--------------------------------------------------|--|
| Opening stock of finished goods                  |  |
| Cost of finished goods produced during the year  |  |
|                                                  |  |
| Closing stock of finished goods                  |  |
| <b>Cost of finished goods sold/Cost of sales</b> |  |

(5)

## 3.2 Prepare the Production Cost Statement for the year ended 30 September 2024.

|                                              | Note |  |
|----------------------------------------------|------|--|
| Direct/Prime costs                           |      |  |
| Direct material costs                        |      |  |
| Direct labour costs                          |      |  |
|                                              |      |  |
| Total manufacturing costs                    |      |  |
| Work-in-process at the beginning of the year |      |  |
|                                              |      |  |
| Work-in-process at the end of the year       |      |  |
| <b>Cost of production of finished goods</b>  |      |  |

(7)

3.3 Provide **TWO (2)** possible reasons for a manufacturing company to appoint casual workers to assist with maintenance and cleaning instead of permanently appointing staff.

---

---

---

---

---

---

---

---

(2)

- 3.4 Provide **TWO (2)** possible reasons for a manufacturing company to return direct materials to suppliers.
