GIRAFFE MANOR

Giraffe Manor is an exclusive boutique hotel owned by The Safari Collection. One of the most unique places to stay in the world, Giraffe Manor blends extraordinary wildlife encounters with exquisite hospitality and a long-term commitment to giraffe conservation. The historic manor house is set in 12 acres of private land within 140 acres of indigenous forest in the Langata suburb of Nairobi and is one of Nairobi's most iconic buildings. It has extraordinary appeal that harks back to the 1930s when visitors first flocked to East Africa to enjoy safaris. With its stately façade, elegant interior, verdant green gardens, sunny terraces and delightful courtyards, guests often remark that it's like walking into the film *Out of Africa*: indeed, one of its twelve rooms is named after the author, Karen Blixen.

One of the most fascinating things about Giraffe Manor is its resident herd of Rothschild's giraffes who may visit morning and evening, poking their long necks into the windows in the hope of a treat, before retreating to their forest sanctuary. The Rothschild's species of giraffe was once highly endangered, but Giraffe Manor has long been part of a breeding programme which has successfully grown their numbers in the wild. Giraffe Manor can be booked for the night or as part of a complete tailor-made Kenya safari with The Safari Collection.

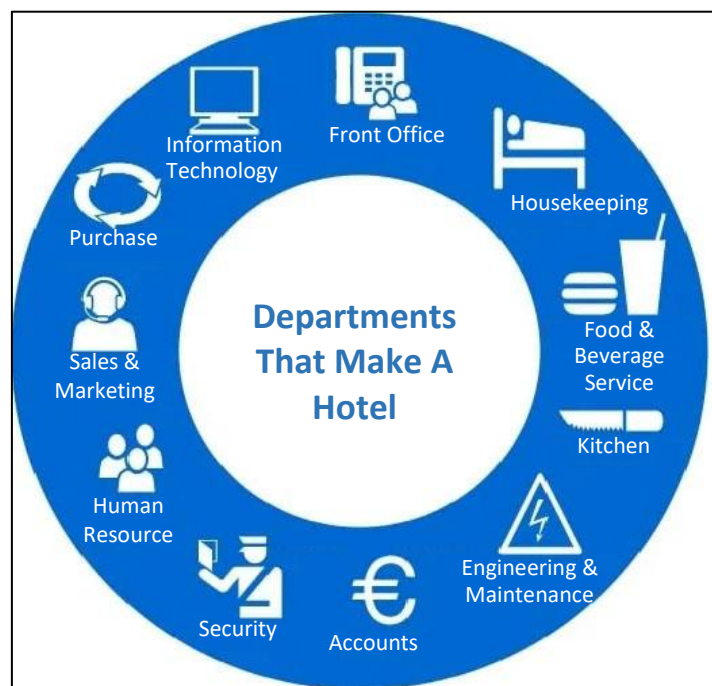

Activities

From encounters with the world's tallest mammal exploring local culture, there's plenty to keep you entertained during your stay, both within the manor's grounds and in the local area.

SOURCE B ORGANOGRAM[Source: www.setupmyhotel.com]**SOURCE C SUSTAINABILITY**

Sustainability is a core part of our ethos and we prioritise environmentally conscious operations as part of everything we do. Through our Footprint Foundation, we support a variety of conservation and community enrichment efforts, which you can read about [here](#).

THOUGHTFUL FOOD

Our passion for protecting the planet for future generations includes the environmental impact of the delicious and healthy food we offer our guests. What we eat not only has an impact on our personal health, but also on the health of our planet. Therefore, we like to know exactly where our food comes from. Low impact on the environment but high impact on the taste buds!

Everything we purchase is PALM OIL FREE.

DID YOU KNOW?

Compared to other liquid oils, palm oil is relatively high in saturated fats. Palm oil is about 49% saturated fat, while olive oil is less than half of that.

SOURCE D HYGIENE

The beginning of Kenya's ongoing cholera outbreak was detected during a wedding festival in October 2022. Cholera can move fast. Within a month, 155 cholera cases were recorded in Nairobi County alone, the second-highest figure for any county across the country.

Particular concerns surround Nairobi's informal settlements.

Situated just 7 km outside Nairobi's central business district, Kibera is a vibrant and densely populated home to an estimated 60% of Nairobi's entire population.

The health risks associated with unmanaged human waste are massive.

By the end of March 2023, the Ministry of Health confirmed at least 7,800 cases and 122 deaths across the country, and 1,196 of those patients were from Nairobi County.
